Part 1: Read the following paragraph and answer the questions:

Culture is a system of shared beliefs that are common in a society. We usually think of food, music, clothing, and holidays that are common in a society as **its** culture, but these are only some of the elements. There are other elements including customs, values, behaviors, and artifacts. Therefore, it is a combination of thoughts, feelings, attitudes and beliefs. It's not hard to imagine that many cultures exist. People around the world have different lives. They live and behave according to moral values. Thus, it's important to respect other cultures for having new experiences and learning about the world.

Questions:

- How do people act in society?
- Write **two physical elements** of culture:&.....

6. The word '*its*' in line 2 refers to..... .

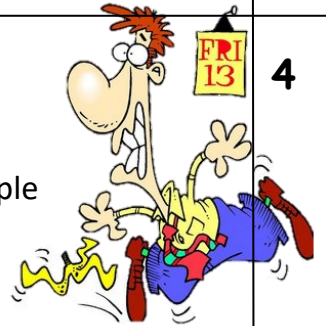

Part 2: Read the following paragraph and answer the questions:

Fear of Friday 13th, and of the number 13 generally, is more common than you might think. A recent study by Britain showed that 41% of British people feel uncomfortable about Friday 13th. Richard Hall, from Sheffield, has been involved in four crashes on Friday 13th. He has also broken several bones, fallen in a river, been knocked down by a car and walked through a glass door.

Now he never gets out of bed on that day.

Friday 13th interferes with hospital programs, too and many **patients** don't want to have operations on that day.

However, experts believe that number 13 is not really as unlucky as people say. It doesn't seem that more accidents happen on Friday 13th than on any other day. What **it** really brings is surprises, which can be good as well as bad.

Questions :

1. The **main message of the passage** is that, in fact, Friday 13th is.....

- A. surprisingly worse than other days C. full of good and bad surprises
B. exactly the same as other days D. a bad day in every one's life
